Name: _____

Directions:

The first part of the sentences below tell what happened (the effect) in the book, *Weather*. Complete each sentence by telling the cause.

Weather

Cause and Effect

Plants and animals are alive because the sun's heat and light helps them grow.

Clouds are formed when tiny water droplets group together.

Puddles on the sidewalk form when rain falls from the sky.

Bright stripes of color show up in the sky when a rainbow forms from sunlight and water.

Reading Tip!

Remember, the **cause** is **why** something happened. The **effect** is **what** happened.
